

## WHAT IS RAMP-UP TO READINESS<sup>™</sup>?

Ramp-Up to Readiness is a school-wide college and career readiness advisory program designed to help all students master the knowledge, skills, and habits for success in technical, community, and four-year colleges and universities. The comprehensive curriculum addresses five distinct pillars of college readiness:

- Academic
- Admissions
- Career
- Financial
- Social and Emotional

Activities include such topics as:

- Why Middle School Matters
- Jobs of the Future
- Help with Stress
- Benefits of a Career and Technical Education
- College Costs and How to Pay

**Used by over 110,000 students in numerous states across the country**, Ramp-Up to Readiness<sup>™</sup> spans grades 6 - 12 and provides schools with the tools they need to help all students succeed through and beyond middle and high school. The easy-to-use curriculum is organized into clear activities that help students articulate their plans for life after high school, monitor their progress toward achieving their goals, and update their plans and progress along the way.

Independent studies of Ramp-Up have found that:

- 100% of respondents (all principals) said Ramp-Up helped establish a college-going school culture<sup>1</sup>
- School staff reported that Ramp-Up's school-wide approach is highly beneficial<sup>1</sup> and the curriculum is well-designed<sup>2</sup>
- As early as in the first year of implementation, students perceived increased support for exploring career and postsecondary options and finances<sup>2</sup>

<sup>1</sup> Study conducted by Center for Applied Research and Education Improvement

<sup>2</sup> Study conducted by REL Midwest (Dept of Education's Institute of Education Sciences' Regional Education Laboratory)

**“Ramp-Up is intentional and focuses on the student. This has truly become standard work at our school.”**

Shane Zutz, school principal

**“Ramp-Up to Readiness has truly filled a void with preparing our students for the 21st Century. We appreciate the ease of use and comprehensiveness of the curriculum.”**

Bruce Rohne, school counselor
